

# The Journal of the Marie Selby Botanical Gardens

27(1) 2006

## CONTENTS

Announcement: David R. Benzing, New Associate Editor of <i>Selbyana</i>	<i>Lee Desmon</i>	i
---	-------------------	---

### TAXONOMY

A New <i>Cyrtochilum</i> (Orchidaceae) from Bolivia	<i>Stig Dalström</i>	1–3
<i>Encyclia ossenbachiana</i> (Orchidaceae: Laeliinae), A New Species from Costa Rica	<i>Franco Pupulin</i>	4–7
<i>Ligeophila longibracteata</i> (Orchidaceae), A New Jewel Orchid of the Goodyerinae Subtribe from the Neotropics	<i>Travis Soroka</i>	8–12
The Black Orchid, <i>Rhynchostele oscarii</i> Archila (Orchidaceae), Near to the Myth	<i>Fredy Archila Morales</i>	13–14
Six New <i>Masdevallia</i> Species (Orchidaceae) from Peru	<i>Carlyle A. Luer and Stig Dalström</i>	15–24
A New Species, <i>Trichomanes trichopodium</i> , Related to <i>T. crinitum</i> (Hymenophyllaceae)	<i>Alexander Fco. Rojas-Alvarado</i>	25–29
A Sectional Classification of <i>Trichopilia</i> Lindley (Orchidaceae)	<i>Robert L. Dressler and Wojciech KLIKUNAS</i>	30–33
Revision of the Genus <i>Baptistonia</i> (Orchidaceae) 3: The “ <i>Baptistonia brieniana</i> ” Complex	<i>Guy R. Chiron and Vitorino P. Castro Neto</i>	34–43

### BIOLOGY, ECOLOGY & METHODS

Carpology of Orchids	<i>Finn N. Rasmussen and Bo Johansen</i>	44–53
In-Vitro Germination and Clonal Propagation of Endemic <i>Tillandsia califanii</i> Rauh (Bromeliaceae) from Mexico	<i>M.D. Garcia-Suarez, V. Rico-Gray, N. Molina-Aceves, and H. Serrano</i>	54–59
Variety of Phorophyte Species Colonized by the Neotropical Epiphyte, <i>Laelia rubescens</i> (Orchidaceae)	<i>Dorset W. Trapnell and J.L. Hamrick</i>	60–64
Exceptional Epiphyte Diversity on a Single Tree in Costa Rica	<i>Eric Schuettpelez and Dorset W. Trapnell</i>	65–71
Vascular Epiphytes and Parasitic Plants on <i>Vitellaria paradoxa</i> Gaertn. (Sapotaceae) in the Sudano-Guinean Savannas of Ngaoundere, Cameroon	<i>Adamou Ibrahim, Pierre Marie Mapongmetsem, Hortense Motalindja Mompea, Laïssou Moussou, and Nyomo</i>	72–78
<i>Platyserium stemaria</i> (Polypodiaceae): An African Epiphytic Myrmecophyte	<i>C. Djieto-Lordon, A.-B. Nkongmeneck, M.D. Lowman, and A. Dejean</i>	79–82
A Simple and Safe Method for Rapid Drying of Plant Specimens Using Forced-Air Space Heaters	<i>Mario A. Blanco, W. Mark Whitten, Darin S. Penneys, Norris H. Williams, Kurt M. Neubig, and Lorena Endara</i>	83–87

### COLUMNS & BOOK REVIEWS

Horti Selbyani: Pursuing a Purple Passion— <i>Caucaea</i> : A Perspective from Greenhouse and Field	<i>Harry Zelenko</i>	88–92
Horti Selbyani: Observing Caladiums in the Northern Range of Trinidad	<i>Paul M. Ressler</i>	93–95
Notes from the OIC: <i>Encyclia flava</i> and Its Multiple Identities	<i>Stig Dalström</i>	96–100
Book Review: Icones Pleurothallidarum XXIV: A First Century of New Species of <i>Stelis</i> of Ecuador by Carlyle A. Luer	<i>Ted Kellogg</i>	101
Book Review: A Treasure of Masdevallia, A Monograph of the Genus <i>Masdevallia</i> , Volume 27 by Carlyle A. Luer	<i>Wesley E. Higgins</i>	102
Book Review: Tree Ferns by Mark F. Large and John E. Braggins	<i>John Beckner</i>	103–104
Book Review: Vanishing Beauty: Native Costa Rican Orchids. Vol. 1 – <i>Acianthera</i> – <i>Kegeliella</i> by Franco Pupulin and Collaborators	<i>Wesley E. Higgins</i>	105
